§ 124.511 How is fair market price determined for an 8(a) contract?

(a) The procuring activity determines what constitutes a ''fair market price'' for an 8(a) contract.

(1) The procuring activity must derive the estimate of a current fair market price for a new requirement, or a requirement that does not have a satisfactory procurement history, from a price or cost analysis. This analysis may take into account prevailing market conditions, commercial prices for similar products or services, or data obtained from any other agency. The analysis must also consider any cost or pricing data that is timely submitted by SBA.

(2) The procuring activity must base the estimate of a current fair market price for a requirement that has a satisfactory procurement history on recent award prices adjusted to ensure comparability. Adjustments will take into account differences in quantities, performance, times, plans, specifications, transportation costs, packaging and packing costs, labor and material costs, overhead costs, and any other additional costs which may be appropriate.

(b) Upon the request of SBA, a procuring activity will provide to SBA a written statement detailing the method it has used to estimate the current fair market price for the 8(a) requirement. This statement must be submitted within 10 working days of SBA's request. The procuring activity must identify the information, studies, analyses, and other data it used in making its estimate.

(c) The procuring activity's estimate of fair market price and any supporting data may not be disclosed by SBA to any Participant or potential contractor.

(d) The concern selected to perform an 8(a) contract may request SBA to protest the procuring activity's estimate of current fair market price to the Secretary of the Department or head of the agency in accordance with § 124.505.

§ 124.512 Delegation of contract administration to procuring agencies.

(a) SBA may delegate, by the use of special clauses in the 8(a) contract documents or by a separate agreement with the procuring activity, all responsibilities for administering an 8(a) contract to the procuring activity except the approval of novation agreements under 48 CFR 42.302(a)(25).

(b) This delegation of contract administration authorizes a contracting officer to execute any priced option or in scope modification without SBA's concurrence. The contracting officer must, however, notify SBA of all modifications and options exercised.

§ 124.513 Under what circumstances can a joint venture be awarded an 8(a) contract?

(a) *General.* (1) If approved by SBA, a Participant may enter into a joint venture agreement with one or more other small business concerns, whether or not 8(a) Participants, for the purpose of performing a specific 8(a) contract.

(2) A joint venture agreement is permissible only where an 8(a) concern lacks the necessary capacity to perform the contract on its own, and the agreement is fair and equitable and will be of substantial benefit to the 8(a) concern. However, where SBA concludes that an 8(a) concern brings very little to the joint venture relationship in terms of resources and expertise other than its 8(a) status, SBA will not approve the joint venture arrangement.

(b) *Size of concerns to an 8(a) joint venture.* (1) A joint venture of at least one 8(a) Participant and one or more other business concerns may submit an offer as a small business for a competitive 8(a) procurement so long as each concern is small under the size standard corresponding to the SIC code assigned to the contract, provided:

(i) The size of at least one 8(a) Participant to the joint venture is less than one half the size standard corresponding to the SIC code assigned to the contract; and

(ii)(A) For a procurement having a revenue-based size standard, the procurement exceeds half the size standard corresponding to the SIC code assigned to the contract; or

(B) For a procurement having an employee-based size standard, the procurement exceeds $10 million;

(2) For sole source and competitive 8(a) procurements that do not exceed
